## Management Styles Skit

### Skill:

- Application (AP)

### Time on Task:

- 10–15 minutes

### Goal/Purpose:

- The goal of this activity is to create a skit that exemplifies a specific management style.

*In this activity, you will be assigned to a team and asked to act out one of the three management styles identified in the textbook (democratic, autocratic, or laissez-faire). Your instructor will assign you a management style. Prepare a short skit (three minutes or less) in which someone in your group plays a manager and interacts with the rest of the team, who play the employees. When you are not presenting, watch your classmates' skits, and record the management style portrayed by each group. Your instructor will provide guidance regarding the most appropriate method of submission.*
