Class:

## Know the Laws

### Skill:

- Analysis (AN)

### Time on Task:

- 20–25 minutes

### Goal/Purpose:

- The goal of this activity is to discover the different laws that businesses need to know and to analyze the benefit they offer to the business, employees or people. Your instructor will give you additional guidance if you will be presenting this information to the class and will provide guidelines for how best to submit your work.

*For this activity, you are assuming the role of business owner. You are just starting out and are conducting research on various business laws to better understand how they benefit the business, employees, and consumers. Using your Entrepreneurship textbook and online sources, research the types of laws identified in the following questions. Provide a brief description of each law in the space provided and detail how each law helps businesses, employees, and consumers. Additionally, determine which laws are important to your business. Your findings may be reported to the class according to your instructor's guidelines, so be sure to record enough information in your following answers to provide enough information in your responses to facilitate a discussion.*

1. Identify important business laws relevant to your business.

Answer:

2. Identify important environmental protection laws relevant to your business.

Answer:

3. Identify important laws relevant to your business that protect employees.

Answer:
