## Layout Needed

### Skill:

- Application (AP)

### Time on Task:

- Roughly 60 minutes

### Goal/Purpose:

- The goal of this activity is to prepare a layout for a retail store. Your instructor will provide guidance for creating and submitting your design.

*In this activity, you will be tasked with conducting research on store layouts. Use the space provided to make notes of helpful information you find or designs you admire. When you have completed your research, create a sketch of the desired layout for your business. If available, consider using computer-design software. If providing a sketch is not possible, prepare a one- to two-page report that details how your business layout will appear. This information may be reported to the class according to your instructor's guidelines, so be prepared to describe your layout in detail and answer any questions that may be asked.*

### Notes:
