Create a Survey

Skill:

- Application (A)

Time on Task:

- 30–40 minutes

Goal/Purpose:

- The goal of this activity is to create a school store survey.

For this activity, you will be placed in a group with the goal of creating a school store survey. This survey should be designed for students in your school and will ultimately help you determine the products they would want to purchase from a student-run school store. For help in developing your survey, revisit Figure 7-10 in your textbook. Your instructor will give you guidelines on how to present your survey to the class.

1. Prior to starting the survey process with the group, use this space to write down some ideas for survey questions. When you feel you have exhausted all possible ideas, create the survey on a separate sheet of paper according to your instructor's guidelines.
