Lesson 14.2

Practice Your Understanding

1. In a business setting it may be necessary to work cooperatively with diverse populations and those who are physically challenged. Construct a training exercise you could use in your business to help employees understand how difficult it might be to work in your business if a person were physically challenged. (14.2-1)

Answer:

2. As an entrepreneur, you want to ensure that your employees have time in their workday to relax from workplace stress. Determine three relaxation techniques you could recommend to your employees. (14.2-2)

Answer:

3. You are working as a human resources manager for a financial advisement company and have been tasked with developing an employee handbook. Outline the contents you should include in the employee handbook, and explain their importance. (14.2-3)

Answer:
