Building Your Business Plan

Activity 6-6: Appendices

It is time to complete the business plan by creating the appendices. The appendices are a collection of documents, such as charts, tables, or graphs, that support the information presented in the business plan.

1. Review the supporting documents you are including in the appendices. Make sure they are each referenced in the body of the business plan.

Answer:

2. List all the individual documents that will appear in the Appendices section of the business plan. They should be listed in the order in which they appear in the business plan.

Answer:
