Activity 9.3A: Animal Feed Types

Materials Needed

- Clear plastic baggies with animal feed grains
- Removable labels
- Large box
- Pen or pencil

Instructions

Your teacher will provide labeled plastic bags containing different types of feed for you to examine. Examine the feeds and keep notes on important details. After 20 minutes, your teacher will remove the labels and place the bags in a box. Each student will take turns drawing one bag from the box and explaining to the class what the feed is and how they were able to identify it.
