Activity 15.1A: Conservation Photo Timeline

Materials Needed

- Internet access
- Printer
- Posterboard (one per group)

Instructions

Create a timeline showing how conservation has changed in the last 150 years. Find at least one picture showing conservation practices or major conservation events for each 20-year section. Print the photos and create a timeline on the posterboard beginning with 1870 and ending today. Make sure pictures are labeled. Use the worksheet to collect information to accompany your photo timeline.

1870–1890
