Lesson 16.2: Wildlife Management

Lesson Review

Carefully study the lesson and then answer the following questions.

1. What are three groups that work together to ensure wildlife populations maintain healthy numbers? (16.2.0)

Answer:

2. *True or False?* A wildlife inventory is a count of all the wildlife in an area. (16.2.1)

Answer:

3. *True or False?* The only way to obtain information about wildlife numbers is through a coordinated effort by a government agency. (16.2.1)

Answer:

4. *True or False?* Most wildlife counts are just estimates. (16.2.1)

Answer:

5. *True or False?* States are not typically involved in wildlife recordkeeping for more than five years. (16.2.1)

Answer:

6. What are the differences between extinct, endangered, and threatened species? (16.2.2)

A. Extinct species

Answer:

B. Endangered species

Answer:

C. Threatened species

Answer:

7. Animals that are hunted for food or sport are called _____ animals. (16.2.3)

A. target

B. threatened

C. nuisance

D. game

Answer:

Describe the following wildlife diseases. (16.2.4)

8. Colony Collapse Disorder (CCD)

Answer:

9. Chronic Wasting Disease (CWD)

Answer:

10. Blue Tongue

Answer:

11. *True or False?* Attracting and maintaining healthy game animals means managing only one aspect of their life cycle. (16.2.5)

Answer:

12. *True or False?* Planting food that is desirable to game animals can increase their numbers on your property. (16.2.5)

Answer:

13. Narrow expanses of trees and shrubs that connect larger, more diverse areas of habitat are called _____. (16.2.5)

A. fencerows

- B. corridors of habitat
- C. population dynamics
- D. cover crops

Answer:

14. *True or False?* Food webs are generally enhanced when there is less biodiversity. (16.2.5)

Answer:

15. *True or False?* Population dynamics examines changes in a population's size and age only in the given year. (16.2.5)

Answer:

16. *True or False?* Most wildlife management efforts focus on reducing the number of male animals that are harvested. (16.2.5)

Answer:

17. What is the primary government agency responsible for wildlife management? (16.2.6)

Answer:

18. List three nongovernmental organizations that work to preserve wildlife and wildlife habitats. (16.2.6)

Answer:

Critical Thinking

1. Explain how hunting is used as a wildlife management tool. (16.2.5)

Answer:
